END USER USABILITY SURVEY

Dear SpineMED® Operator:

As part of our ongoing effort to continually improve the SpineMED® System, we are collecting usability data from all users of the device. The information we seek is how the SpineMED® System User Interface and Interaction performs in a real-world environment inclusive of human factors. We wish to gain your experience with any deficiencies or limitations you have encountered with regard to the usability of the device concerning staff operation of the device and also patients experience during treatment.

Please complete this survey and fax it to 250-563-3177 or email a copy to info@spinemed.com.

Thank you for your support.

Best regards,

Tim Emsky
