

Clinical Performance Survey

Name: Dr. Drew Anderson - Louisville Health Solutions

Overall outcomes* for :				
	Disc Herniation	Disc Degenerations	Sciatica Radiculopathy	Overall
86% or More				
71% to 85%				
56% to 70%				
41% to 55%				
Less than 40%				

Comments:

We don't do any follow-up MRI's to determine if there is any improvement in disc height associated with degenerative discs. Overall, we are very pleased with the reduction in pain and symptoms of our patients complaints.

* The above data is not peer reviewed. It is the subjective response from a Physician grading their clinical results with the SpineMED® System.
