**Comments:**

I have three main comments:

- 1 - It is not easy for the patients accomplish a 20 session program daily
- 2 - The most of the patients want to book the sessions early in the morning or late evening
- 3 - The patients do not understand the results will come only after 10 to 15 sessions

\* The above data is not peer reviewed. It is the subjective response from a Physician grading their clinical results with the SpineMED® System.
